

## 8<sup>TH</sup> INTERNATIONAL CONGRESS OF BEHAVIOURAL OPTOMETRY

**Speaker:** Elizabeth Wason  
**Credentials:** DipAppSc(Optom) FACBO, Grad CertOcTh  
**Time/Date Scheduled:** 1100 on Saturday, 28 April  
**Location:** Room C2.4

---

**Presentation Title:** **How to use Visualisation for Effective VT (or How to be a Superpower vision therapist)**

**Abstract** I will define Visualisation and its relevance to VT activities and communication for a successful VT program.

Visualisation techniques can also enhance visually-related learning skills for a child's development and progress in the learning environment.

Interactive discussion and examples will also be implemented.
